

HOW TO BE A WINNER

FROM INSIDE THE MIND OF A WORLD CHAMPION

Reaching our full potential comes from recognising, exploring and studying the daily mental boxing match we all have with ourselves and see how this can sometimes limit us.

With a story of rise-and-fall which is easy to recognise, Billy Schwer will explore identifiable traits we can all choose to adopt so we can enter the boxing ring of life, and business, ready to take on and win the challenges that lie ahead.

Be aware of the choices that you're making

Notice the unconscious programmes you run and how they take you off track. Choose to think differently.

Win or lose – YOU choose

Have the courage to take a risk

Take calculated risks with a willingness to face possible failure.

KO fear

Never give up

Even if you don't get what you want first- second- or third-time round, keep focussed on what is truly important to you.

Fight for what you want

Focus on the future, not the past

Don't base your decisions on past results but on the future you want to create

Roll with the punches

Be resilient in all areas of your life

Some of the challenges we face are in our control while others aren't. Either way, acknowledge them, learn and move on.

Take it on the chin

Be willing to look at things differently

If things aren't working, always be adaptable and seek out new ways to win.

Jab and move

Be responsible for who you are - own your life

Don't be the victim of your situation or circumstances. Regain your power.

Box clever

By exploring these traits, Billy connects with any audience to inspire and empower them. He will raise a laugh, touch hearts and start a longer conversation in the organisation about who people need to become.

What the clients say...

"The guys are buzzing and ready for a new challenge."
